

## What Matters Partner Client Agreement

I have reviewed and understand the What Matters Partner HEART Guidelines. I am committed to working in a partnership with the below signed people to foster a positive real estate transaction that also helps to give back to the community through What Matters Initiatives.

Typically there is a referral fee from agent to agent at closing when a real estate client is referred. In this case, the entire referral fee that is collected from What Matters Partner commissions will be earmarked and will help to fund What Matters programs and initiatives in the areas of Real Estate, Community, Fundraising and Outreach. What Matters initiatives include local and global scholarships as well as videos for small businesses, community and causes.

I understand that BETH will be a resource (upon request) as needed throughout the transaction. BETH can be called on for a consultation and creative input.
